

DRIVEWAY POLICY - RESIDENTIAL

Residents must contact Bellevue Township supervisor(s) before constructing a driveway or field approach. The township will determine the size and deliver the culvert. The size, length and style will be determined by the width of the surface and ditch depth. The shoulder slope should be 5:1. The driveway will be surfaced by 3" of Class 5 gravel if it is not tarred or paved.

Cross Section:

DRIVEWAY FEE

A deposit of \$275 is required. This amount will be deposited with other Township funds. When the installation, upon inspection, is deemed completed, the \$200, less application fee (\$50) and inspection fee (\$25), will be refunded to the resident.

Revision approved this 5th day of June, 2019.
